Erika (Molina) Becerra
Hiring Manager
Walt Disney Animation Studios
2100 West Riverside Drive,
Burbank, CA 91521

Dear Erika Becerra,

I would to express my interest in the Storyboard Artist position at Walt Disney Animation Studios. I came to learn of this opportunity through notices displayed through the UCSD Art Community newsletter.

I believe that I would be a great fit for this position due to my strong background in illustration and animation, as well as my experiences in working in a collaborative environment. My great interest in working for this establishment is due to not only the plethora of valuable experiences I could accumulate, but also the company's focus of creating stories in creative and imaginable ways that can only be told through this medium.

Furthermore., I am a hardworking individual, who can quickly adapt to the changes that arise. For instance, I had used to balance my academics while serving my community through tutoring younger students. Not only that, but I would also develop my sense of story through the worksheets and videos I would make. Not only would I create stories through the actual problems, but they would also cultivate as the students would dive deeper into the page, taking the skills they had acquired from the beginning to guide them to the end.

I truly believe that my skills in story, art, and my personal characteristics would truly be an asset to the studio as a storyboard artist. I would be happy to take this discussion further either through an in- person conversation or through the phone. Please feel free to reach me at 123-456-7890 or at johndoe@gmail.com. I look forward to hearing from you.\

Thank you for your time and consideration.

Sincerely,

Daniel Lee
